

To my Valued Patients:

I am writing to share with you my plans to retire from Dental Park effective January 1, 2022. It is hard to believe that over 33 years have passed since I graduated from Marquette University Dental School. I am thankful for all the opportunities and adventures I have experienced over the course of my career...both in Manitowoc and the Army. However, I feel MOST fortunate to have interacted with the many kind and compassionate people that have shaped my life over the past years.

It has been a true pleasure to be a partner in your dental care and I am confident that the other providers at Dental Park will continue to provide you with the compassionate and comprehensive dental care you deserve.

My wife and I look forward to having more time to travel and spend time with our family. My personal goal is to have a McDonald's hamburger in each of the 50 states..and brush and floss after each one!

Wishing you many years of health and happiness in the future.

Best wishes,

Steven M Groddy DDS
